

Vinyl Coated Polyester 13oz, Clear/White Scrim

**Email us for
a fabric sample.**

Property	Clear Polyvinyl Coated Polyester Scrim Fabric
Width	61"
Roll Length	50 meters / 55 yards
Sealing Properties	Dielectric or Thermal
Tear: (lb) ASTM D1117	35 W x 35 F
Tensile Grab (lb) ASTM D7521	85 W x 100 F
Adhesion D751	Excellent, cannot separate film
Weatherometer ASTM G53-84	2000 hrs very slight colour change
Flame Resistance	FMVSS 302
Meets Requirements	NFPA 701 –1989 Large scale test
Cold Crack D2136	-35 deg C
Roll size	50 Meters / 55 Yards
Product Code	A05-1305

- ◆ High strength durability
- ◆ Good UV stability
- ◆ Remains flexible in low temperature conditions
- ◆ Rot and Mildew resistant
- ◆ Easily Sew or thermal and dialectically sealed
- ◆ See through light transmission
